Lo the lizard
is late for a date...

to meet with Otter
at the gate.

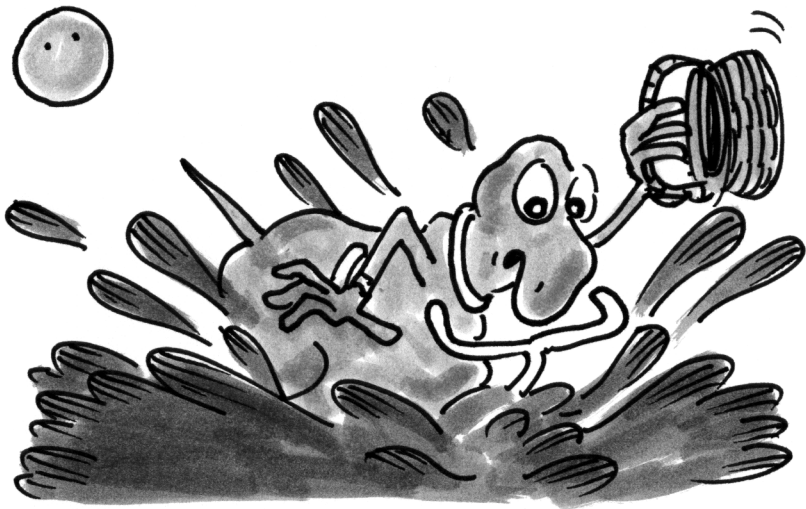

In a panic, up the hill...

Lo rushes fast,
and then feels ill.

She stops and plops
on the path, in a mess.

“I hate to be late, but I must
stop and rest!”

In a flash, her pal Otter
whips past with a THUD!

They eat picnic pancakes
that day in the mud!
